NC is Non Catalog or Non-Contract or both. The catalog number begins with NC

Debbie,  
What is an NC item?

**Subject:** NC Items with Fisher

There was a meeting today for the Procurement Management Team and Fisher was in attendance. Based on the discussion at the meeting even when you find an NC Item in the online Fisher site you should not order the item there, you should request a quote from Kris Bolen. Becton Dickinson products are the only exception to that, their items can be ordered using the online site. Any questions about this call me at X6231.
